

## **REMARKS/ARGUMENTS**

### **AMENDMENT**

In response to the Examiner's Advisory Office Action of June 20, 2005 the Applicant submits the accompanying Amendment to the claims and the below Remarks directed thereto.

As the Examiner has indicated in the Advisory Office Action, the Applicant's Amendment in response to the final Office Action has not been entered, accordingly claims 1-7 remain currently pending in the present application. In the Amendment:

independent claim 1 is amended so as to fully incorporate the subject matter of allowable dependent claim 7;

dependent claim 7 is cancelled;

dependent claims 2-6 remain unchanged.

It is respectfully submitted that the above amendments do not add new matter to, or any new issues to the prosecution of, the present application.

### **REMARKS**

#### ***Allowable Subject Matter***

The Applicant concurs with the Examiner's indication that the Amendment filed in response to the final Office Action did not merely incorporate the subject matter of allowable claim 7 into pending independent claim 1.

Thus, as discussed above, a new Amendment in which independent claim 1 is amended to fully incorporate the subject matter of claim 7 has been filed.

#### ***35 U.S.C. 103(a) Rejections of final Office Action***

The remarks of the Applicant's response to the final Office Action stand with respect to the above-discussed amendment to independent claim 1, and claims 2-6 dependent therefrom.

It is respectfully submitted that all of the Examiner's rejections have been traversed. Accordingly, it is submitted that the present application is in condition for allowance and reconsideration of the present application is respectfully requested.

Very respectfully,

Applicant:
